

AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions and listings of claims in the application:

LISTING OF CLAIMS:

1. (currently amended): A fishing rod comprising:

a rod pipe;

a tubular body to which the rod pipe is inserted and fitted;

a tubular transparent synthetic resin body integrally molded with the tubular body;

a non-transparent concealing film formed on at least one edge face portion of the synthetic resin body;

a grip portion to which the tubular transparent synthetic resin body is fixed with the concealing film disposed therebetween; and

an adhesive agent for fixing the grip portion and the concealing film formed on the transparent synthetic resin body,

wherein the tubular body and the tubular transparent synthetic body are formed from different materials, integrally molded together.

2. (previously presented): The fishing rod according to claim 1, wherein the tubular body is formed by winding fiber-reinforced prepreg prepared by impregnating reinforced fiber with synthetic resin, and an outer peripheral surface of the tubular body is visually discernible through an outside surface of the synthetic resin body.
